

## Lego Digital Designer Lesson One

**Objective:** Use the Legos to make your name. Your name can be flat or you can make it 3D. Take a screen shot of your design. Save your design.

Examples:

### Directions:

1. Open up LDD and choose Free Build.
2. Open the bricks tab on your brick palette.
3. Use the Lego bricks from your brick palette to build your name either in a flat design or in a 3D design.
4. When you are done, go to View Mode. 
5. Click on the Screenshot button to take a picture. It will be stored on the computer.

6. Go back to build mode.

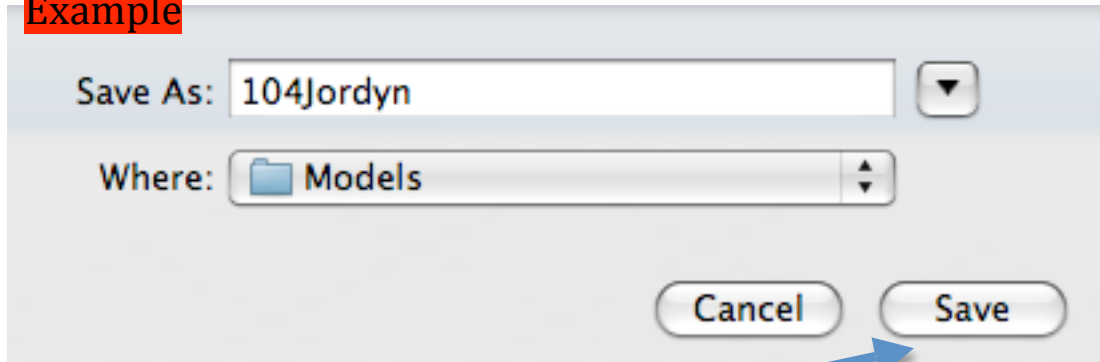

7. Save your design by clicking the save button.

8. Your save title should be your **homerroom number** and **your name**.

**Example**

9. Save it!
